## SKILLS

---

### OS

GNU/Linux, Windows and WSL

### LANGUAGES

C/C++, Python, Java, Visual Basic

### TOOLS

Ghidra, Radare 2, GDB

### OTHERS

Reverse Engineering, Git,

Malware Analysis, LaTeX,

Incident Response and Forensics

## COURSES

---

Malware Analysis  
(TryHackMe)

Incident Response and Forensics  
(TryHackMe)

Introduction to Intel® Distribution  
of OpenVINO™ toolkit for Computer  
Vision Applications  
Intel | Coursera

## EDUCATION

---

### BACHELOR OF SCIENCE

Computer Science

PUCIT - University of the Punjab

2019 – 2023

CGPA: 3.49/4.00
